# KwaZulu Natal

KwaZulu-Natal or the ‘Zulu Kingdom’ is located north of Eastern Cape yet South of Johannesburg, bordered by the warm Indian Ocean to the East and the high escarpment of the Drakensberg Mountains to the West. This colourful province offers a host of attractions and makes an ideal location for a second time visit to South Africa or those blessed with more than a few weeks to explore the Rainbow Nation.

### Activities and Attractions

The stunning and extremely scenic Drakensberg Mountains or ‘Ukhahlamba’ (Barrier of Spiers in Zulu) are now rightly accredited with World Heritage Sight status. Situated approximately equidistant from Johannesburg and Durban, recommended activities include hiking, fishing, horse riding and the opportunity to view ancient Rock Art. The province is also steeped in history, some of the most famous locations being that of the Anglo, Boer and British Battlefields including Rorke’s Drift, Spioenkop and Isandlwana. Visitors of all ages can enjoy hearing tales of incredible courage from these times and the subsequent reconciliation.

The coastline offers a host of stunning beaches where visitors can experience warm coastal waters, excellent surfing and some of the best diving in South Africa. Nature also abounds with dolphins visible year round, turtle nesting in the Summer and the great ‘Sardine Run’, usually taking place around June.

To the North are a host of excellent game reserves such as Phinda, offering Big Five viewing as well as the iSimangaliso (Greater St Lucia) Wetland Park. However, please note a stay here will take you in to a malarial area.

The Province is also home to one of Africa’s most famous kingdoms, The Zulu, and therefore steeped in living culture and tradition.
